Charleston (S. C.) and Cincinnati—Let Them Shake Hands.

We desire, earnestly, that during 1860 may be matured measures to complete a railroad connection between the River Ohio and the tide-waters of Georgia and South Carolina. But a small interval of the route between Cincinnati and Charleston looks the firm laid iron bonds of union. In 1855, active measures were taken in this behalf, and to Dr. Drake, formerly of this city, was due the honor of the initial movement of the Charleston Railroad. He thus referred to the social and political advantages which it would confer:

"What is now the amount of personal intercourse between the millions of American fellow-citizens of North Carolina, South Carolina and Georgia, on the one hand, and Kentucky, Ohio, Indiana and Illinois, on the other? Do they not live and die in ignorance of each other, and perhaps with wrong opinions and prejudices which the intercourse of a few years would annihilate forever? Should this work be executed, the personal communication between the North and the South would instantly become unprecedented in the United States. Louisville and Augusta would be brought in social intercourse. Cincinnati and Charleston be neighbors, and parties of pleasure start from the banks of the Savannah for those of the Ohio River. The people of the two great valleys would, in summer, meet in the intervening mountain region of North Carolina and Tennessee, one of the most delightful climates of the United States, exchange their opinions, compare their sentiments, and blend their feeling. The North and South would, in fact, shake hands with each other, yield up their social and political hostility, pledge themselves to common national interests, and part as friends and brethren."

Thousands and thousands of emigrants are borne by half a dozen railroad routes to the lands of the far West, to settle and improve them, to obtain and confer wealth, while along the route we hope soon to have open, stagnation chokes all enterprise. One of the healthiest and loveliest part of the country is going behind, and the owners of the soil are losing in a year what would build the whole route. Awake, and be doing, ye people of the middle counties of Kentucky and of all the intervening counties to the sea shore!

Twelfth Night—Old Christmas—Epiphany.

This is Christmas O.S. It was an old English superstition that on Christmas eve the oven were always found on their knees, as in an attitude of devotion, and that after the change from old to new style they continued to do this only on the eve of old Christmas day. Last night, no doubt, in town and country, children ventured out on the doorsteps to peep into the cow yards to see if Brindle and Suke or Pink were not on their marrow bones.

The medieval notion was that an ox and ass which were present at the nativity in the stable fell upon their knees in a suppliant posture. Hawthorne that boded heretofore on the day before Christmas, they say, blossom on the 5th of January.

This twelfth night, closing the Christmas holiday, reveals used to set in by choice in the houses of the nobles, of a "lord of misrule," or "abbot of unreason," whose office was "to make the rarest pastimes, to delight the beholder."

Epiphany is a church festival, celebrated on the sixth day of January, the twelfth day after Christmas, in commemoration of the appearance of our Saviour to the Magicians or philosophers of the East, who came to adore him with presents; or, as others maintain, to commemorate the appearance of the star to the Magicians, or the manifestation of Christ to the Gentiles. Jerome and Chrysostom take the Epiphany to be the day of our Saviour's baptism, when a voice from heaven declared, "This is my beloved son, in whom I am well pleased." The Greek fathers use the word for the appearance of Christ in the world, the scene in which Paul used the word. 2 Tim. i. x.

Death of a Pioneer.
A letter from Hamilton, Butler County, dated January 4, says: "Another pioneer has fallen. Mother St. Clair is no more with us on earth. She died yesterday at noon, of paralysis of the brain, after very little apparent suffering. Her remains to-day look really beautiful. I have not seen her look so young and handsome for twenty years."

This is written of the relic of Arthur St. Clair, Jr., son of the first Governor of the North-western Territory, Gen. Arthur St. Clair. She was in attendance in our city, we believe, at the celebration of the 7th of April last, the anniversary of the first permanent settlement of Ohio. She was the wife of one of the first District Attorneys in this city, and who resided in the mansion on the lot the Methodist Book Concern of this city now occupies. On the site of Fort Hamilton, built by her husband's father in 1791, was her last days spent, surrounded with pioneer friends and beloved by a large circle of friends.

Extraordinary Scientific Discovery.
The professional and unprofessional will be interested in a brief mention by us, that Mons. Vulpain, of Paris, has announced the discovery, by a Mons. Brocca, of a simple process which will procure as perfect insensibility as by use of ether or chloroform.
He places before the face of a person, between the person's eyes, at a short distance, a brilliant object, to be gazed upon fixedly, in a few minutes the party quiets, and will soon fall into a catalepsy and be spontaneously deprived of all sensibility. In absence of further detail, the statement is commended to the curious for experiment.

A BALTIMORE CORONER COWARDLY BY A WOMAN.—Coroner Nelson of Baltimore, having recently made the discovery, that a respectable woman, last Monday, in that city, was severely cowarded by her on the following day, in the presence of her husband, who had requested his wife to take her own revenge. If the newspaper account be true, the Coroner deserved his castigation from any hands, but those of a woman.

APPRECIATIVE OF AN ADVERTISEMENT.—Helper has sent a splendid bound copy of his unbridled edition of his *Impending Crisis* to Missouri Clark, with a letter, returning that gentleman his sincere thanks for the magnificent advertisement he has bestowed, free of charge, upon his book.

The total number of buildings in Washington City is 9,769, the increase last year being 388. The supposed population of the place is 65,955.

They have been selected with the greatest care, by personal inspection, in the different parts of Europe. Persons buying of him need have no fear of obtaining anything adulterated or diluted.

THE LATE SISTERS OF MERCY'S FAIR.—Owing to the pressure of business on Tuesday night at the Sisters of Mercy's Fair, some of the articles at the Young Men's Sociality Table could not be raffled, among which are the Horse and Gold Watch. Persons interested in these articles will please call at Franklin Hall, S. E. corner of Sixth and Symmes-streets, on Monday evening, January 9, at 7 1/2 o'clock.

PETTY LARCENY.—A man named George Benson was yesterday committed to the County Jail in default of bail to the amount of \$200, for his appearance at the next term of the Court of Common Pleas, to answer a charge of petty larceny. A few days ago he entered the store of Henry Gass, in Bridge-town, and stole a five-dollar bill. He was shortly after arrested and taken before Justice Will's, who, after examination, disposed of the case in the manner above related.

SHOCKING ACCIDENT.—MAN KILLED BY FALLING FROM THE FIFTH STORY OF A HOUSE.—A man named Patrick Martin, engaged as porter in the wholesale drug establishment of Wm. S. Merrill & Co., No. 110 West Third-street, fell yesterday, through the hatchway of the fifth story into the cellar, breaking his back in two places and his right leg, besides otherwise crushing his head and body. He was immediately conveyed to the St. John's Hospital des Invalides, where he died soon after his arrival.

FATAL ACCIDENT.—A BOY INSTANTLY KILLED BY A HORSE.—A boy named Butler, whose parents reside on Dublin-street, was instantly killed, a day or two ago, on the corner of Broadway and Court-street, in the following manner: He had been riding the horse, but in consequence of the slippery state of the street, on which he was riding, the animal fell and threw him to the ground. In its effort to rise, the horse placed his fore-foot upon the breast of the boy and crushed him to death.

REAL ESTATE TRANSFERS DURING 1859.—From the books in the office of the Recorder we take the following exhibit of the real estate transfers in this city during the year ending January 3, 1860:

The difference in the receipts during the fiscal years ending July 1, 1859, and January 1, 1860, was \$2,322,736 46.
The mortgage cancellation for the fiscal year ending January 1, 1860, reached the sum of \$3,498,726 16.

MAN KNOCKED DOWN AND SEVERELY BEATEN.—A man named Joseph Cummins, while passing along Broadway, night before last, on the way to his residence in the upper part of that thoroughfare, was met at the corner of Hunt-street by a couple of men who, as he asserts, without any cause or provocation whatever, knocked him down with a slug-shot and beat him very severely. His face is bruised and swollen, and there is a contusion on his head that must have been caused by a heavy blow from some blunt instrument. His body is also considerably blackened and bruised from the injuries he received. He knows of no reason why he should have been so badly abused, and from his statement the assault seems to be a random outrage. This class of villany seems to be rapidly on the increase, and is more serious because it has no remedy.

POLICE COURT.—Business at the Police Court yesterday morning was not remarkably brisk, and although Judge Lowe examined about twenty-five cases, none of them were important. On Monday night last a party of five men assaulted and robbed a negro named William Greag, some place in Bucktown. They were arrested and committed for a final examination, which took place yesterday. Two of them were discharged but the others, Patrick Duffy, Michael Deane and Daniel Duffy were held to bail in the sum of \$1,000 each, to answer the charge before the next term of the Court of Common Pleas. Patrick Duffy was also charged with disorderly conduct and sent to an imprisonment of ten days and to pay a fine of ten dollars and costs.

A fellow named Grant was arrested night before last by Officer Shroy, on the charge of assaulting a female in a house on Front-street, near Race. He was taken to the Station-house, where he gave bail for his appearance at the Police Court. When his case was called yesterday morning he was not to be found and the woman made her appearance in his stead, stating that he was too ill to appear. This seemed to be no excuse for the misdemeanor, and in spite of the entreaties of the woman he had outraged, he was brought into Court and fined \$10 and cost.

ANNUAL MEETING OF THE MECHANICS' AND MANUFACTURERS' EXCHANGE.—The annual meeting of the above association was held Wednesday morning at their rooms, 76 West Third-street. A good number were in attendance.

The retiring Board presented their annual report, with the report of the treasurer annexed, which was adopted.

The following gentlemen were elected as the Board of Officers for the ensuing year: President—George W. Runyan.
Vice-presidents—Robert Creighton, Robert Mitchell, Wm. Cameron, Phillip Hinkle.
Treasurer—A. B. Lebar.
Secretary—John B. Heintz.

After a lengthy and animated discussion as to the best method of conducting the business of the Exchange for the benefit of the members, a committee was appointed to report on the same at the next general meeting.

A number of amendments to the constitution, proposed to make the Exchange more popular and successful, were laid over until the next meeting.

The meeting adjourned until next Wednesday morning at 11 o'clock, when it is hoped that every member will be present, as well as those wishing to unite with the association, as business of importance will be transacted.

Ninth Annual Meeting of the Young Men's Home Mission Society—Election of Officers.

The Young Men's Home Mission Society of this city, held its ninth annual meeting last evening at the Second Presbyterian Church. The attendance was not large, but the lecture by Bayard Taylor and the hyperborean were probably the causes of the sparseness in the audience.

REPORT OF THE BOARD OF DIRECTORS.
The annual report of the Board of Directors was read by the Corresponding Secretary, S. S. Fisher, Esq., and although quite long, was interesting, and listened to with attention. It gave a history of different mission schools, five in number, during the past year, and represented them all in a flourishing condition.

There has been an average attendance in them during the year, as follows: First 29 scholars; second 120; third 94; fourth 212; fifth 80. There has been collected for Mission purposes, during the same period, from the schools the sum of \$219.

The West End Mission Church, which was established about a year ago, is reported in a good condition. The pulpit was filled by Rev. C. E. Babb until Rev. Joseph Chester, of Cronon, was called to it at a salary of \$1,200 per annum, since which time the last named gentleman has occupied the post with much ability.

Prayer meetings have been held in this church, which have been well attended, and a growing interest is felt that the Board hopes will result in a glorious revival and a large outpouring of the spirit of God.

TREASURER'S REPORT.
The report of the Treasurer, H. B. Olmstead, shows the following financial condition of the Society: Receipts during the year, \$1,591 82; Disbursements during the year, \$1,587 21—leaving a balance in the Treasury of \$4 61.

REMARKS AND ADDRESSES.
The Superintendents of the different Mission Sunday Schools of the city, under the direction of the Society, made statements in regard to the conditions of the schools under their charge, which were extremely gratifying to those interested in them, and L. H. Sargent also addressed the audience at considerable length.

Rev. Joseph Chester, the pastor of the West-End Mission Church, delivered quite a lengthy and eloquent address to the Society, a report of which we should be glad publish did not space forbid it.

ELECTION OF OFFICERS.

After the audience had been dismissed, with a benediction by Rev. John R. Adams, the Society remained and proceeded to the election of Officers and Directors for the ensuing year, with the following result: Milton Sargent, after his election, tendered his resignation as one of the Board of Directors, and the election of a person to fill the vacancy thus caused, was referred to the newly elected Board.

The following are the Officers and Directors for the coming year:
President—W. H. Neff; Vice-President—O. N. Bush; Recording Secretary—Geo. B. Bradley; Corresponding Secretary—S. S. Fisher; Treasurer—H. B. Olmstead; Directors—L. H. Sargent; P. R. Neff, Jacob Burnett, Jr., L. R. Hall, M. Sawyer, T. J. Tonn, W. H. Allen, D. J. White, C. E. Hicks, C. M. Ray, M. Addy, J. S. Broadwell, Wallace Shillito, E. H. Pendleton, H. L. Crane.

SHERIFF'S SALES OF REAL ESTATE.—The Sheriff's sales of real estate, yesterday morning, were largely attended, and the bidding was lively and spirited. Of ten pieces of property offered, seven were sold, one withdrawn, the debt for which it was taken in execution having been paid, and two others withdrawn for want of bidders. The following were disposed of:

A leasehold estate in Cincinnati, formerly Millereck Township, being a part of the estate of Thomas Hughes, deceased, a plot of which is secured in the Records of Hamilton County, book 26, page 17, the lot designated as No. 27, valued at \$1,000 for lease and improvements, subject to an annual payment of \$30; sold to John F. Bergman for \$950.
Lot No. 1 in William W. Cones's addition to the town of Cheviot, as recorded in book 145, page 36, in Hamilton County Records: valued at \$150; sold to R. M. Corwine for \$125 25.

Tract of land on the east side of Broadway, between Front and Second-street, being part of lots No. 14 and 15 in square No. 3, in the United States subdivision of the Fort Washington land, 11 1/2 feet front on Broadway, and 100 feet deep; valued at \$4,500 for lot and improvements; sold to John L. Lewis for \$3,000.

Y. M. M. L. LECTURES.—BAYARD TAYLOR OF HUMBOLDT.—A full abstract of Bayard Taylor's lecture on Humboldt, delivered last evening at Smith & Nixon's Hall, to an overflowing audience, has been, as often happens of late, crowded out, and we have space only to say that his discourse was eloquent and interesting, and very forcibly received.

This evening Mr. Taylor will lecture again before the Library Association, in the Melodeon—Smith & Nixon's being engaged—on "Life in the Arctic Regions." The hall will be crowded, of course, as this is one of the post-traveler's best and most interesting lectures.

PATIENCE.—A large amount of news, general and local, we are, for the hundredth time, compelled to omit this morning on account of the heavy telegraph and other matter. Such things are as annoying to the editors as they probably can be to our readers, but they are not, with any precaution, to be avoided.

AMUSEMENTS.

PIKE'S OPERA-HOUSE.—"Puck" has vanished and we resume, hidden himself in some ideal buttercup, fallen asleep in a daisy, or merely unsharpened himself among the leaves of a rose, where, after falling in love with its beauty, he contents himself with its fragrance and breathes only its perfume. The Minnesota Signer's DREAM, which delighted the audience at the Opera-House for more than a week, has been withdrawn, and last night gave place to the sensational and somewhat attractive Louis De L'Esperance, of Leavenworth.

To those who admire the beauty of Shakespeare's creation, the change has fallen in love with "Puck" are disconcerted; nevertheless there was a beauty in this establishment last evening, and it was enthusiastic in its plaudits of the performance and the play. To-night the thrilling play of The White Owl will be presented, and Mr. Conway in the principal roles, the performance concluding with THE TROUBLES.

WOOD'S THEATRE.—The audience last night at this establishment was quite good, and the performance passed off with its usual spirit. To-night Mr. Samuel Glenn will take a benefit, and he offers a bill which will not fail to draw. It consists of a new play entitled The Lost Ship, the force of the drama is in the character of the hero, the force of the drama is in the character of the hero, the force of the drama is in the character of the hero.

NATIONAL THEATRE.—Jean Marie Devoyon presented the character of the formidable "Pauline," last night, at the National, to a good audience, and her impersonation seemed to thrill all who saw it with delight. There was much tenderness in her tones, that the beautiful lines of Balzac seemed to catch a new meaning from her voice, and his creation of a woman, which she made so real, and so true, that the audience, together with the dramatized version of Dickens's story of THE CRICKET ON THE HEARTH, in which she will appear as "Dot," is one of her greatest triumphs, and in it she is unsurpassed, in the qualities for which she has become so famous, as a dramatic artist, and country, and we earnestly hope she may be greeted with an audience that will fill the house to repletion.

LAW REPORT.

CIVIL BUSINESS.—McDonald vs. Vetter. A suit pending before Judge Mallon and a jury to recover the value of a horse, which died a few days after taking a prescription made up of doses of arsenic. The defendant claims the medicine was a compound of arsenic from the law and rules of the Court, and an imperfect knowledge of the language.

CRIMINAL SIDE.—Samuel Adler, the Grand Juror who was dismissed on the previous day, presented an answer to purge himself from the charge of contempt, pleading ignorance of the law and rules of the Court, and an imperfect knowledge of the language. Judge Carter said that the answer in no respect would modify the conclusion which the Court had heretofore come to in adjudging the party guilty of contempt, and he ordered him to be committed to jail, under the sentence passed upon him of twenty days imprisonment. On the suggestion of Judge Carter, the Court consequently consented to the evidence on the following day, as to the condition of the mind of the accused, which was represented to be partially deranged.

ACCIDENT ON THE O. & M. R. R.—FARMER CAR DESTROYED.—The St. Louis cars did not arrive here with the mail until this morning, owing to detention by the partial wreck of a freight train, which ran off the track in consequence of a broken rail, demolishing several cars, without injuring, so far as we could learn, a single person.

COVINGTON NEWS.

CITY ELECTION.—A city election, at which the following officers will be chosen, take place to-morrow: City Clerk, Treasurer, Collector, Physician, Attorney, Wharf Master, Engineer, Poor-house Keeper and Street Commissioner. Besides these a Councilman and School Trustee will be elected for each ward.

The voters are also required to vote for or against a tax of twenty cents on the hundred dollars of taxable property for two years, for the purpose of liquidating that portion of the city indebtedness which falls due on the 1st of June of this year.

The polls will be opened from 6 o'clock A. M. till half-past 5 P. M., at the following places: First Ward, Shinkle's Coal-yard; Second Ward, City Hall; Third Ward, school house on Scott-street; Fourth Ward, engine-house corner of Pike and Washington-streets; Fifth Ward, Drover's Inn; Sixth Ward, Adell's shop, corner of Thirtieth and Scott-streets; Seventh Ward, engine-house on Main-street.

PARDONS AND THE PARDONING POWER.—A telegraphic dispatch was received by Sheriff Ashbrook, yesterday, announcing that Governor Magoffin had pardoned William P. Dwyer, convicted, at the last term of the Circuit Court, of burglariously entering the bookstore of Mr. Laird, on Scott-street, and purloining goods to the value of about \$300. The necessary papers will arrive to-day, and he will be at once released.

A petition for the pardon of J. B. Ashford, sentenced for one year, is now, and another, for the pardon of Thomas Finley, sentenced for three years and six months, will be in circulation. The pardoning power is a good one, but it is to be indiscriminately used, and burglars and other law-breakers, by it, to escape the punishment due their crimes, we think it had better be abolished at once.

AMUSEMENTS.—The New Orleans Opera Troupe performed to a crowded house, at Odd-fellows' Hall, last night.

NEWPORT NEWS.

MYSTERIOUS AFFAIR.—A night or two since, a fine bonnet and black veil were found on the ferry landing, by some of the night clerks of the ferry-boat. They had the appearance of having been laid there deliberately, but by whom no one can form any correct idea.

ACCIDENT.—A little girl, about twelve years of age, named Lizzie Herber, fell on some ice, on York-street, while returning from school yesterday evening, fracturing her left ankle and otherwise injuring her.

A. P. A.—The Kentucky Lodge, No. 1, A. P. A., will give a ball at Odd Fellows' Hall, on Thursday evening, January 12. Extensive preparations are being made, and a lively time is anticipated.

THE RIVER.—The ice in the river still continues heavy, and the ferry-boats perform the trips with much difficulty.
